Story of a Long Name.

A northern man who was visiting in Baltimore stopped on the street one day to have his shoes polished. A bright-eyed little black boy stepped forward to give the desired shine; Becoming interested in this little chap, the northerner asked his name, to which the boy promptly replied: "Gen, sah."

After a few moments of silence the northerner continued, "I suppose that is an abbreviation for General?"

The word "abbreviation" gave the little fellow pause; however, he was equal to the occasion, and recovered himself, "No, sah," he said, "'tain't 'actly dat; ma shore-'nough name am Genesis, xx, 33, So shall my righteousness answer for me in time to come Washington Carter," but dey jest call me Gen for short"—Youth's Companion.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
